

TOP 4 REASONS TO PARTICIPATE

Respond Today!

Click Here

<http://muext.us/NWMOsurvey>

1. You care about your community!

- Be heard . . . regionally and by county!
- Successful communities listen to their residents. Maximize NWMO is a multi-sector initiative inviting, inspiring, and guiding the region and local communities to be as successful as possible. Gathering and providing this info will help!
- Identify what makes NWMO special in everyone's eyes.

2. Your voice has impact!

- Help leaders determine what your expectations, needs, and dreams are instead of leaving them to lead by assumption.
- Short- and long-term decisions will reflect the survey's (YOUR) feedback.
- Be a part of the solution by sharing your thoughts. This is an opportunity for your ideas and opinions to be heard.

3. Be the county with the most participation!

- 2025 results will be compared with 2020 results and made available publicly on www.maximizenwmo.org. They will be shared with leaders throughout the region in each of our 18 counties. Several hundred responses are needed from each county to ensure the results are statistically valid. Every person's response matters!

4. Living in the Age of Acceleration and a post-COVID-19 world has changed what we thought we knew.

- Help plan and act on how to make our communities in NWMO the best places to live, learn, work, and play.
- Decision-makers are working to meet the needs of those seeking a beautiful place they can belong and stay connected to technology-advanced opportunities. Help them help you and your family's future generations!
