Helping Communities Navigate COVID-19

Kim Mildward,
Economic Development Planner,
Northwest Missouri Regional Council of Governments

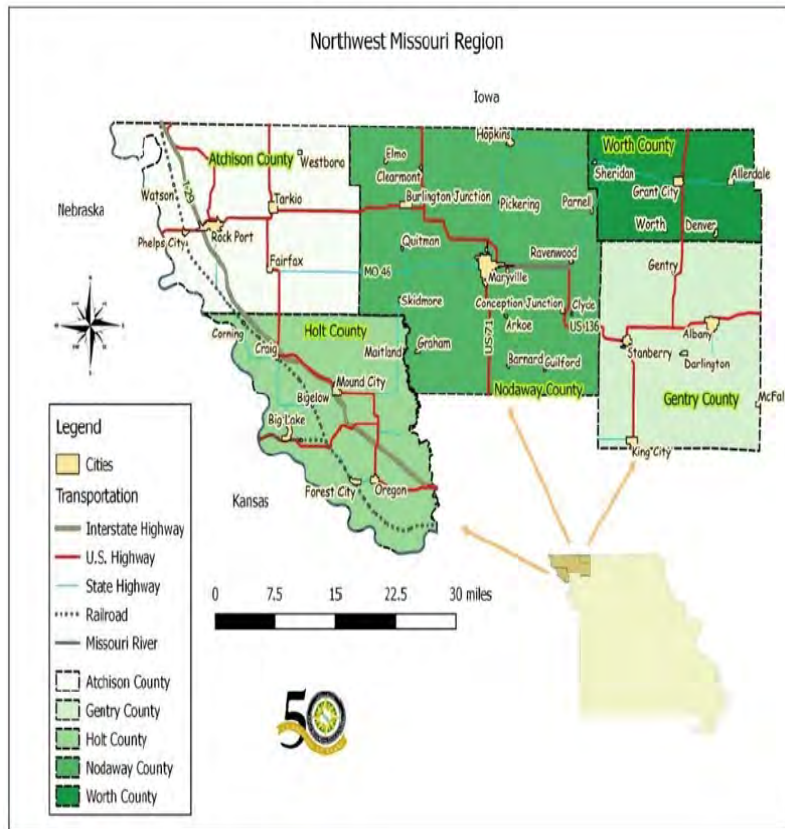

About the Northwest Missouri Regional Council of Governments (RCOG)

- One of 19 Regional Planning Commissions in the State of Missouri
- Created \$147.5 million in local investment and \$57.5 million in grant funding
- Provides services to 40 member communities
- Programs include: Economic Development, Transportation Planning, Hazard Mitigation Planning, Solid Waste Management, and Workforce Development
- Additional services include: Grant Writing and Administration, Environmental Reviews, Strategic Planning, Meeting Coordination, and Mapping
- Staff of 9 individuals (5 Full-time and 4 Part-Time)

About Northwest Missouri

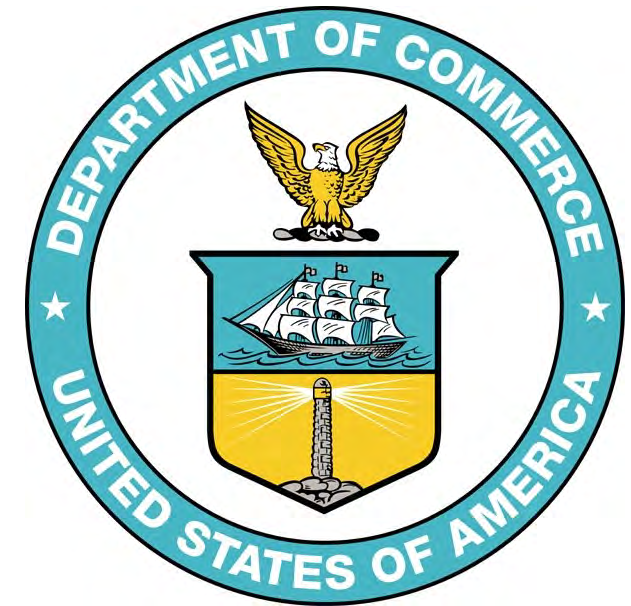

- Comprised of five counties in the extreme northwest corner of Missouri: Atchison, Gentry, Holt, Nodaway, and Worth Counties
- Population of the five counties is 38,904 according to the 2020 U.S. Census. The population has declined approximately 10% percent since 2010.
- Two counties are still experiencing the impact of flooding from March 2019.

CARES ACT Assistance to Communities

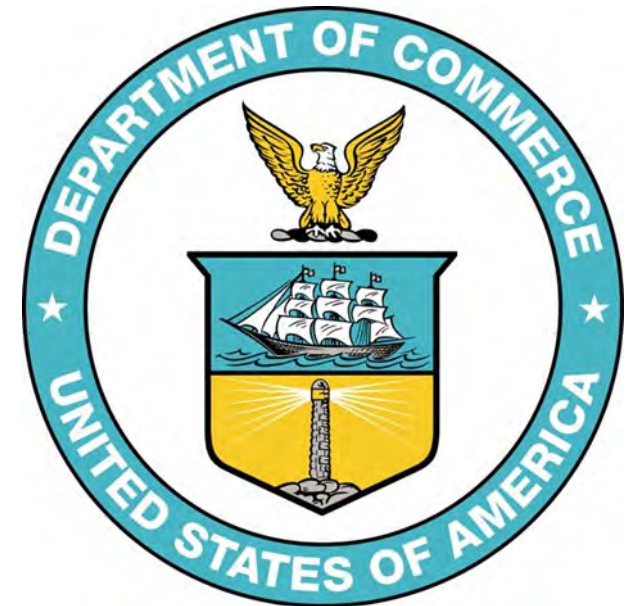

The Regional Council is a recognized Economic Development District through the U.S. Department of Commerce. This designation allowed the agency to access a \$400,000 two-year grant to help the region respond, recover, and become more resilient to future pandemics.

- Contracted with Nodaway County Economic Development, Atchison County Development Corporation, and Northwest Missouri Enterprise Facilitation to provide Business Retention and Expansion Services.
- Contracted with Emergency Disaster and Management Program at Northwest Missouri State University to provide free workshops on Large Event Planning, Business Continuity, and Crisis Communication. Workshops can be accessed at https://www.youtube.com/channel/UC_cJyLsSz6P-wNGezbTyGGg.

CARES ACT Assistance to Communities

- Contracted with the University of Missouri Extension to facilitate the Digitally Connected Communities Guide to create a regional broadband plan with local economic developers and extension offices. The plan will be released in a couple of weeks.
- Contracted with MU Exceed to conduct broadband economic benefits studies for Atchison, Gentry, and Worth Counties. The studies can be accessed at [Broadband resources | MU Extension \(missouri.edu\)](#).

CARES ACT Assistance to Communities

- Partners with the University of Missouri System to host a P3 Broadband Competition for Master's and Bachelor's Degree students to develop potential public-private partnerships to increase affordable broadband in northwest Missouri. The competition will conclude with the team presentations.
- Partners with the Missouri Association of Councils of Government to conduct feasibility studies for middle mile and last mile broadband in Holt and Nodaway County. Studies are scheduled to begin this Fall.

CARES Assistance to Communities

The Regional Council operates the Missouri Job Center in Missouri.

- Provided virtual services to businesses and job seekers related to Unemployment Insurance and Missouri Shared Work Program.
- Organized with Nodaway County Economic Development, and the Greater Maryville Chamber of Commerce to host webinars on topics of Unemployment Insurance, Shared Work, and other COVID-19-related programs and services.
- Organized and hosted virtual job fairs with our workforce partners.
- Assisted 8 individuals with CARES Act funds to attend short-term training.

American Rescue Plan Act Assistance to Communities

- All communities were asked to complete a survey prioritizing their project needs.
- Staff have been meeting with county and community local elected officials about projects related to the prioritization survey.
- Disseminated material related to the American Rescue Plan including rules, regulations, and performance tracking.
- Disseminated information and assisted several communities with changing from DUNS to the new Unique Entity Identifier.
- Reviewing and disseminating information on federal and state grant opportunities related to ARPA and Bi-Partisan Infrastructure Bill and providing comments to help shape regulations.

Water and Wastewater Improvements are two of the types of projects communities can use ARPA to fund.

- Assisted the City of Parnell with securing funding for a new water tower and distribution lines including an additional \$667,788 in CDBG-CV funding. (Under construction.)
- Assisted the City of Elmo with securing funds for a water tower rehabilitation project including additional \$5,600 funds from CDBG. (Construction set for Spring 2023).
- Assisted the City of Westboro with a Drinking Water Engineering Report Grant for water tower rehabilitation and new water distribution lines.
- Assisted Grant City with securing funding for wastewater system improvements.
- Assisting Burlington Junction with securing funding for wastewater system improvements.
- Assisted several communities and organizations with Request for Qualifications to secure engineering services as part of the Department of Natural Resources Water and Wastewater Grants due this week.

American Rescue Assistance to Communities

We have been working with a couple of communities on street projects.

- Assisted the City of Fairfax with securing \$534,591 in CDBG funding for a street and drainage improvements project.
- Assisted the City of Maryville with several applications to fund Phase II of the South Main Corridor Improvement Project including CDBG-CV and EDA-ARPA.

The pandemic was declared a disaster by FEMA. This opened up funding to assist communities as well.

- Assisting Mound City and Worth County in accessing funding for generators for their water and sewer plants.
- Assisting Big Lake and Craig with warning sirens.

American Rescue Plan Act Assistance to Communities

Other Covid-19 Assistance to Communities

- The Regional Council assisted Holt and Worth Counties with the distribution of their CARES Act funds to businesses, governmental, and non-profits.
- Provides a workshop to help communities prepare for access funds to demolish dilapidated commercial and residential structures.
- Promoted grants and loans to assist businesses in our communities including SBA Economic Injury Disaster Loans, Paycheck Protection Program, and state and county CARES Act grants through social media, e-mails to communities, the agency's newsflash, and newsletters.
- Conducted a survey on how COVID-19 was impacting local businesses (March 2022)

Investments for a Strong Future

The Department of Economic Development is planning to use **American Rescue Plan Act (ARPA)** funds to offer several grant programs. The Governor has prioritized 10+ grant programs to support businesses, nonprofits, community development, broadband infrastructure, and more.

Your valuable input relative to these program guidelines will assist us with creation, development and deployment in the coming months. As this webpage is designed to provide a one-stop resource for DED's ARPA programs, updates will be continuously added. Please check back often as additional information becomes available.

Request for Information (RFI)

We need your help to invest in a stronger tomorrow! The RFI is a brief, online form that will assist DED in crafting grant guidelines, determine funding allocations, and support Missouri's efforts to efficiently deploy ARPA funding. DED encourages all interested entities to complete the RFI by **Friday, March 18**.
