

MAXIMIZE NWMO

Dream big and grow together.

Maximize your tax deduction and help maximize the potential economic and community vitality of our region!

The Community Foundation of Northwest Missouri has \$150,000 of Missouri Department of Economic Development (DED) Neighborhood Assistance Project (NAP) 50% tax credits that you can benefit from this year.

How?

By supporting the Maximize NWMO Regional Vitality Initiative!

Any qualifying contributions (up to a combined total of \$150,000 to Maximize NWMO through The Community Foundation's Regional Vitality Fund) receive an acknowledgement of the contribution to a 501(c)3 nonprofit organization for a tax deduction *and*, a 50% tax credit. This means you can subtract half of your full donation amount from the taxes you owe and receive your regular nonprofit deduction!

What contributions apply?

Your contribution made to help cover the cost of leaders participating in any of the new learning and coaching programs of The Maximize [My Community] Journey Framework qualify. Please refer to the attached program flyer for more details. Also, donations made to continue the availability of communications, data analysis, and other operating system support that is necessary for the initiative's Navigation Team to provide community development services for the region and its communities qualify.

These limited-time 50% tax credits can provide a big tax liability reduction for you. The result in a one-to-one match of your support!
